CLOSED CAMPUS POLICY

1. When students arrive to school by bus, they are considered to be at school for the day and are not to leave school.
2. Students driving to school are expected to park in the designated student parking lot on the school campus. All student drivers must obtain a parking permit from the Main Office to be placed on the vehicle's rear view mirror. Student drivers will be issued a parking space assignment/number to be adhered to throughout the school year. Students will not be permitted to go to their cars during the noon period or at other times during the day without special permission from the office.
3. When a student must leave school during the day to go to the doctor, dentist, etc. he/she must present a written request from their parent or guardian. Also, a phone call from the parent or guardian is acceptable. After presenting the request at the main office, the student must sign-out before leaving school. Leaving school without signing out is a violation of school policy. When picking up students, identification may be required.
4. Clay City Jr./Sr. High School will have two lunch periods with a closed campus. Grades 10-11-12 will have lunch followed by Grades 7-8-9. Each group will have thirty minutes for lunch.
5. Food is to be eaten in the Auditoria. No food or drinks are to be in the hallways or the classroom.
6. After the students have finished eating, they may remain in the Auditoria or go to the gym. Students may not congregate in the front hallway or go to their lockers.
7. No student may leave the school campus for lunch.
8. A student who leaves school without the permission of a school official will be considered truant. Only the office personnel may give a student permission to leave.

PBIS

Clay City Jr./Sr. High School promotes a culture of positive behavior in order to support the needs for all students to attain social and academic success. In order to aid in student development Clay City Jr./Sr. High School utilizes an educational philosophy known as Positive Behavior Intervention Support (PBIS) . Through this program our goal is to take a proactive approach in defining and teaching positive social expectations through the acknowledgement of positive behavior.

Our PBIS team oversees the program, with a focus on ensuring relevant and timely data is collected and utilized in order to allow for effective decision making to occur. Through this data driven approach the PBIS team is responsible to identify consistent responses to problem behavior.

We will utilize our Eel Reward program to promote positive behavior and recognize students who represent the expected behavior, at the highest level of character of development.

The PBIS program focuses on the following four (4) areas:

Respectful, Responsible, Honest, Successful

ATTENDANCE

Students are to bring a parent/doctor verification or the parent is to call for each and every absence. The verification must be brought no later than two days after the return to school. Verification brought after the two-day period may not be accepted.

When in attendance at school students are expected to be actively engaged within the educational environment of their respective classroom. At the discretion of the teacher a student's request to leave a classroom may be granted, or rejected. However, anytime a student is NOT in the classroom, during instructional time, he / she must have a pass, signed and authorized by a teacher / staff member. Students found in violation of this should be sent to the office.

TARDINESS

It is an expectation for all students to report to class on time, every time. Tardiness, unless a staff member detains a student, is defined as any unexcused absence of a student beyond the scheduled time a class begins. Almost all tardiness is avoidable. Teachers are responsible to see that students are in the classroom when the final tone sounds. Each teacher must determine their own policy as to where students must be in their respective rooms. Example: Some teachers may require students to be in their seats while other teachers may require students to be in a particular work area.

1. Students are considered Tardy to school if they are not on time to their first period class. A student arriving to school late must report to the main office in order to sign in and to receive a pass to enter class.

2. Students late to class must have a pass to enter.
 - a. Students more than 15 minutes late to any class will be marked with an unexcused absence.
 - b. Students held over in a preceding class for any reason, with a staff member must have a pass from the respective staff member to enter the succeeding class.
 - c. Students late to class without authorization by a staff member must receive a pass from the office (Assistant Principal/Designee) to be allowed entry.

TARDY POLICY

Teachers will report each tardy in their computer grade book. Tardies are cumulative per semester and will be monitored by administration.

3rd Tardy 1 hour After School Detention

4th Tardy Two 1 hour After School Detentions

5th Tardy Friday Night School/Parent Conference

Note: Students earning six (6) or more tardies will face additional discipline measures as determined by building administration. Additional measures may include, but, are not limited to the following:

- Out of School Suspension
- Assignment to the C.O.P.E. program
