We will be testing March 17-19. It is imperative that students arrive at school on time during the testing window. Please try to avoid making appointments during this time as well.</p> <p>Spelling lists for the remainder of the school year will be review words. These are words that have previously been on our list throughout the year. We are reviewing in preparation for our Spring Spelling Bee. Students will need to study as normal throughout the week and will be tested on Friday.</p> <p>Parents, please plan to participate in the 2020 Census. The Census numbers impact federal funding of schools and programs like Title 1, special education, before and after school programs, and school nutrition. All these programs benefit from federal dollars so an accurate Census count will help our ESE students become successful.</p> <p>Thank you, Mrs. Clark & Mrs. Sutherland</p>
