Homework being completed is already becoming a major issue for some students. We do not actually assign "homework" each night, it is simply work that does not get completed during class time. Some students may never bring anything home, while others may, it depends how they use the work time they are given. All homework is written on the front board each day. We go over what the students should take home with them, if they didn't get it done each day.

Noteworthy News:

Book-It papers were sent home today. Students will need to read a total of 100 minutes at home for the month of October to receive the pizza coupon. Please initial each day after your child writes down how many minutes they have read.
