STEM Project on Friday

Tests and Quizzes

Spelling Test Friday
Social Studies Test
Wednesday

Parents—Please stress the importance to your child about being on time/putting a little pep in their step when they are running behind. We have many students that don't seem to care about being on time places, that their class is lined up at the end of the day and they are still getting their stuff together, that their class is already at specials classes while they are lagging behind. We were late to 2 out of 3 stations at our field trip on Wednesday due to not paying attention and being pokey. To be honest, 5th grade teachers are a little worried about students/chaperones being on time for our larger field trip towards the end of the year. We are starting to plan that field trip, but after remembering last year the 4th grade couldn't stop for ice cream because of late groups and being late this week it is a concern. We are on a tight schedule that day and we have to be on time. Also, they will have many tardies next year at NCMS if they keep it up.

Spelling Words

logical	offensive	inadequate	replaceable
inoffensive	irreplaceable	mobile	immobile
irrational	inaccurate	improbable	illumination
probable	illogical	rational	inefficiency
legal	accurate	illegal	inexplicable
adequate	impassable	passable
