## Notes:

NWEA testing will  
start the second week  
of April.

Please help your child  
practice things I'm  
sending home before  
and after break. We  
are working hard daily!  
We want the kids to  
make their projected  
score.

Help your child under-  
stand this is a very im-  
portant test to take  
their time on and do  
their best!
