JTE 500 Parade

On May 16th at 2:00 P.M. the 4th grade at JTE will be putting on a parade for school. You are more than welcome to come and watch the parade from the designated VIP viewing area. (Look for the signs by the front office.) We would love to have you as a spectator.

Last Newsletter!

It is hard to believe that our year is coming to an end. This will be the last newsletter of the 2018-2019 school year. I have truly enjoyed this school year. This is a great class. They have so much personality and have worked so hard to obtain their goals. I can't wait to watch them grow! Thank you for sharing your blessings with me.

CONGRATULATIONS!

We are so very proud of both of our Robotics Teams. Destructive Criticism received first in the corporation and the Code Breakers received fourth in the corporations! What talent and dedication! Also, our 4th grade Mental Math Team received first place in the corporation! The students should be very proud of their classmates. I am simply beaming!
