

e-Learning Activities for 4/27/20

Parents, I tried my best to put these activities together so that you can do these activities at home with your child with things you have around the house. You can click on the underlined texts below to link you to the websites you will need. I am also including the website in case it is easier for you to copy and paste the website.

Literacy/Language Arts

Scholastic Reading/Book Study <https://classroommagazines.scholastic.com/support/learnathome/grades-prek-k-week-2.html> **8 minutes**

This link will take you to a great resource from Scholastic. Scroll down to Day 7: Animal Studies - Bears. Click on 'Take me there'. There you will be able to read a short book to them and they can watch another. Scholastic has some great resources to work on vocabulary (Word Match) and sequencing (Which Came First?). Fact or Fiction is probably too hard for preschool.

Writing Prompt **10 minutes**

1. Help students read the sentence starter on the next page. If you don't have a printer, write the sentence starter for them. Then talk with them about their favorite thing to do as a family. Write what they wrote on a separate piece of paper. They should copy/write their answer on the paper. Then have them draw a picture of what they wrote about.

ABC Song <https://www.youtube.com/watch?v=OtiMJLzbZk> **2 minutes**

Have students sing the alphabet. Please make sure they are separating L M N O P.

Math

Calendar <http://more.starfall.com/?t=291200204&nrb=1&y=1> **2 minutes**

Click on this link. When it takes you to the website, click on the picture of the calendar at the top right next to Seasonal or it will be located under the 4 'I'm Reading' button.

Patterns (Pick 1) **8-10 minutes**

1. **Shape Patterns** https://www.abcya.com/games/shape_patterns

This website only works on a computer. If you have a computer, your child can complete the shape pattern game online

OR

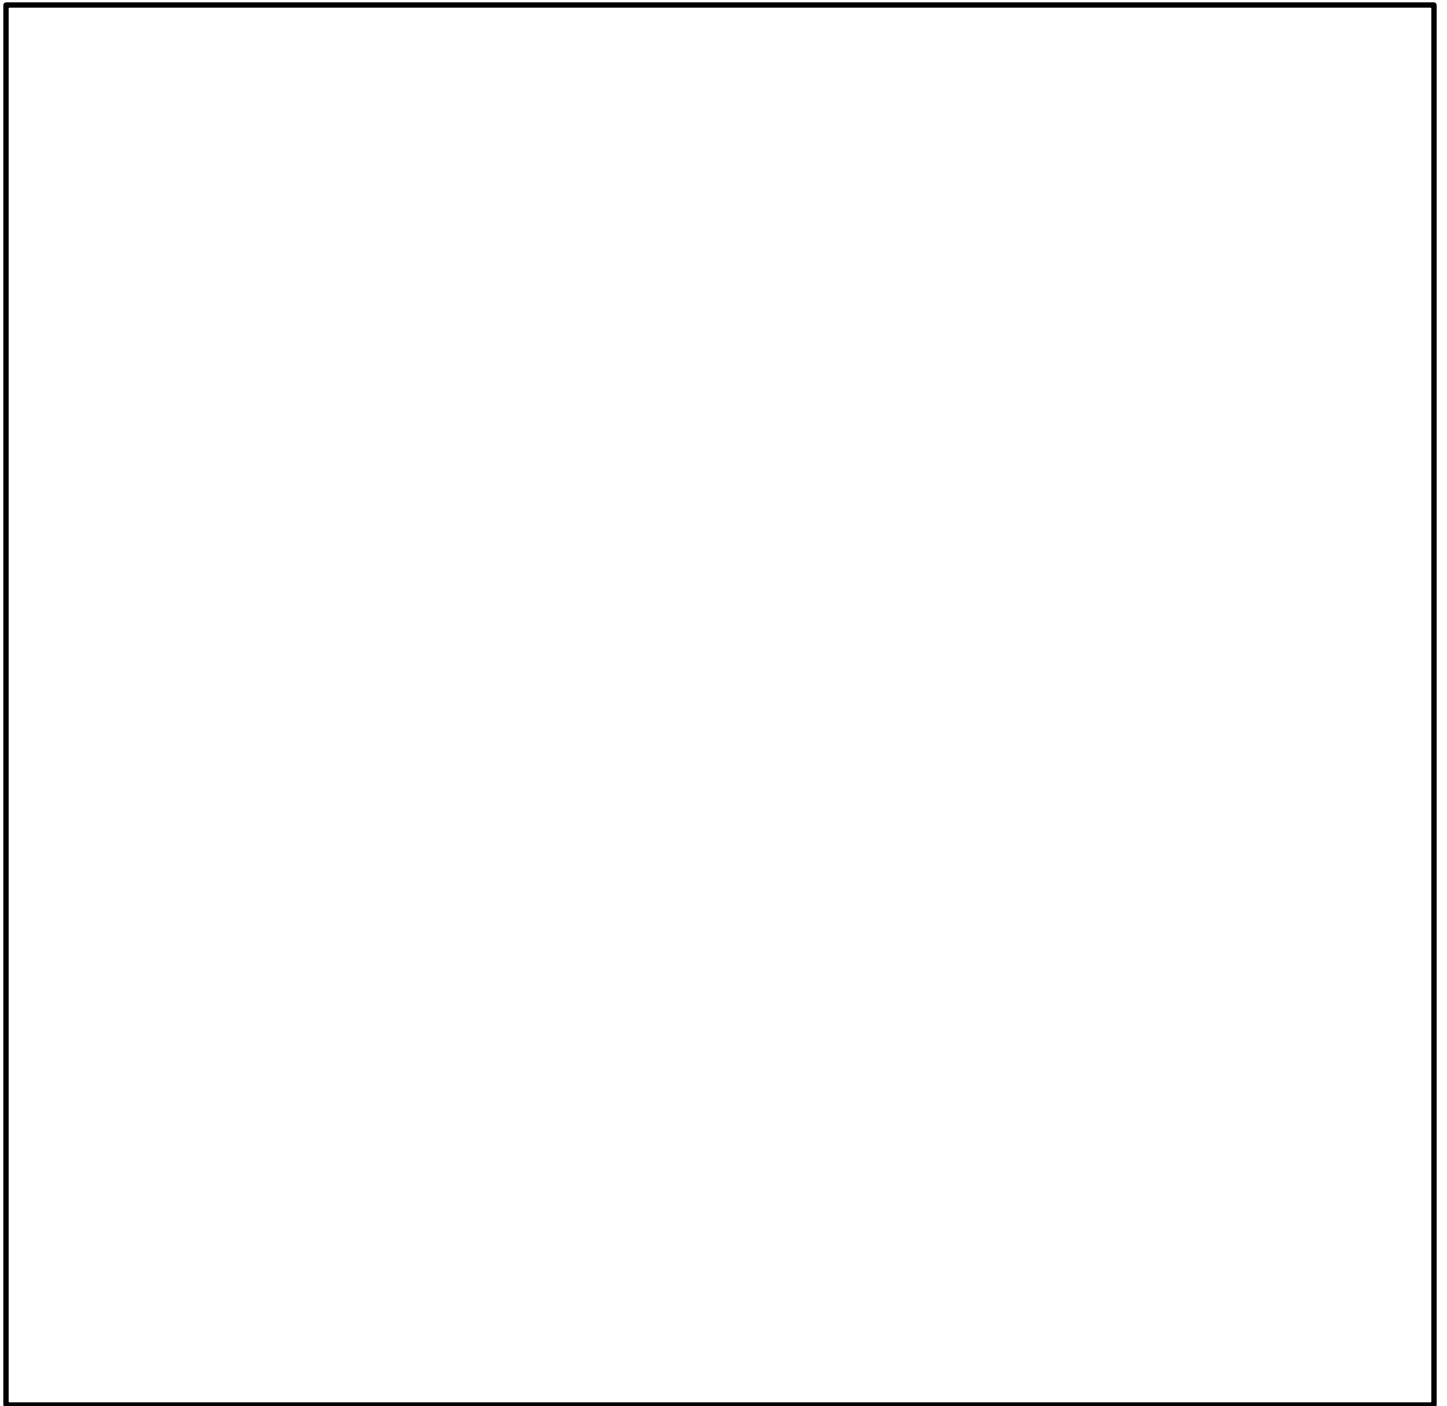

2. **Patterns around the house** – If you don't have a computer, find things around the house that you have multiples of and start some patterns for your child. Some examples could be fork, fork, spoon; red block, blue block, green block; or you could use paper and crayons to draw shapes to make patterns: square, square, circle, circle. You can start the pattern and then help your child finish adding more objects or drawing more shapes to keep the pattern repeating.

IF THEY SEEM TO BE UNDERSTANDING AND NEED SOMETHING HARDER, LET THEM CREATE A PATTERN FOR YOU TO WORK ON!

Get Moving (Optional)

Just Dance Kids – Gummy Bear Song <https://www.youtube.com/watch?v=6Q7-tzCCh3w>

This is a fun video with a familiar song.

My favorite thing to do

with my family is
