

e-Learning Activities for 5/13/20

Parents, I tried my best to put these activities together so that you can do these activities at home with your child with things you have around the house. You can click on the underlined texts below to link you to the websites you will need. I am also including the website in case it is easier for you to copy and paste the website.

Literacy/Language Arts

Scholastic Reading/Book Study <https://classroommagazines.scholastic.com/support/learnathome/grades-prek-k-week-3.html> **10 minutes**

This link will take you to a great resource from Scholastic. Scroll down to Day 14: Social Learning – Kids Can Help. Click on ‘Take me there’. There you will be able to read a short book to them and they can watch another. Scholastic has some great resources to work on vocabulary (Word Match) and sequencing (Which Came First?). Fact or Fiction is probably too hard for preschool.

Spelling and Writing Names **5-8 minutes**

Have students spell their first name and write it for you. I included lines on the next page if you want to print those or draw some of your own. If they can still do their first name with no problems, let them try writing and spelling their last name.

Tucker Signs <https://www.youtube.com/watch?v=O8uIDbOQKnk> **2.5 minutes**

Click this link and have students say their Tucker signs and do the motions along with it.

Math

Calendar <http://more.starfall.com/?t=291200204&nrb=1&y=1> **2 minutes**

Click on this link. When it takes you to the website, click on the picture of the calendar at the top right next to Seasonal or it will be located under the 4 ‘I’m Reading’ button.

Sorting **10 minutes**

Here are several games you can play to work on sorting.

Zoe’s Animal Shelter <https://www.sesamestreet.org/games?id=25778>

Help Zoe sort the animals in the animal shelter.

Cookie Sorting <https://www.sesamestreet.org/games?id=25871>

Help Cookie Monster sort cookies.

Bert’s Bottle Caps <https://www.sesamestreet.org/games?id=25620>

Help Bert sort his bottle caps. This game has a bit of a sorting challenge.

Counting to 20

Please be practicing this as you are doing little things around the house, but make sure they can count to 20. If that is too easy, go higher!

Get Moving (Optional)

Just Dance Kids -Five Little Monkeys <https://www.youtube.com/watch?v=IxFOiayJR-s>

This cute little video allows kids to get moving. They can follow along with the dance moves on the screen and it can help them get a little energy out in the process.
