

Welcome:

If you are considering moving into Clay County or transferring your children to Clay Community Schools (CCS), we certainly welcome the opportunity to serve you, your children, and your family. We are very proud of CCS and believe you will find our schools and community to be an outstanding choice.

*“Clay Community Schools is a great place to work and learn!”* This slogan reflects the belief system of “school family” we hold dear in Clay Community Schools. With seven elementary schools, a 6-8 middle school, a 7-12 jr./sr. high school, a 9-12 high school, and an alternative school, we are confident CCS has something to fit your children’s needs. The following video links have been developed to provide you with a snapshot of our secondary schools.

[Welcome to Clay City Jr/Sr High School](#)

[Welcome to Northview High School](#)

Clay County is also a great place to raise a family! The rural atmosphere and small town values are evident in our community; the following links will hopefully provide you with some helpful information about some of the places in our community.

We look forward to you joining our school family. Please contact any of our schools or Central Office if we can assist you.

Sincerely,

*Jeffery D. Fritz*  
*CCS Superintendent*
